## About **Herbal-H**

Herbal-H, a company founded only half a decade ago in Larnaka, Cyprus has been successful in creating a unique hair loss treatment which is effective against all types of hair loss. The company has built up a fine reputation for itself, taking pride over its high tech bio-engineering environment – an environment where qualified and reputable chemists constantly strive to develop safe and effective hair loss treatments and hair growth formulations concentrating on safety and effectiveness. For the first time ever Herbal-H introduces a newly adopted formula combining and mixing Minoxidil with highly effective herbal extracts to form Herbal Minoxidil, scientifically proven to regrow hair. The unique mixture of Minoxidil and potent herbal extracts introduces total revitalization of hair follicles making Herbal-H formula the safest and most effective on the market. Therapeutically, Herbal-H is mainly formulated to treat seborrhic and androgenetic alopecia; however other forms of alopecia as well as other types of hair loss in general have seen exceptional results using the three month hair loss treatment.

## The Revolutionary **Penetrating Peel Technology**

While constantly striving to better our product, Herbal-H has formulated a new technique which is going to ensure the safe recovery of hair in the region where hair has ceased to grow. With the special ability to dissolve excess of sebum, Herbal-H's new technology known as the Penetrating Peel Technology will successfully penetrate deep within hair follicles hydrating and enhancing the skin's microcirculation to increase hair growth in a completely new way. This innovative discovery preserves the bioactivity of potent herbs to strengthen the physiological function of hair and help with the absorption of nutrients. Thanks to the new Penetrating Peel Technology, herbal hair growth vitamins will have a quicker effect within a shorter period of time.

## How **Herbal-H** Works

Herbal-H advanced hair growth is a complete treatment for hair loss using a multifaceted approach. The solution will begin by inhibiting production of DHT (dihydrotestosterone) which is the hormone that attacks hair and then simultaneously it will heal hair follicles stimulating hair to grow again in areas where it seemed impossible.

At its most basic level, the primary function of Herbal-H is to increase hair elasticity which allows four main steps to occur. During the first step, Herbal-H will cleanse the excessive sebum in the pores of the scalp. After the impurities have been dissolved, the formula then penetrates to the mother cell vitality helping it to regain function by increasing hydration and by shifting the skin cell arrangements. Once the hair follicle has been altered and enlarged, blood circulation is increased improving the physiological function of hair. Finally, the solution extracts effective active ingredients which revitalize hair follicles causing them to regain activity.

## Herbal-H Ingredients

Many of nature's miraculous elements are brought together in the Bio-engineering environments of Herbal-H's laboratories to produce the safest and most effective treatment for hair loss. The most wondrous ingredients are mixed together to put forth an advanced herbal hair growing solution. For example, Maima extracts are used from a rare plant in Yunnan that has the ability to enliven the hair roots. Similarly Ginseng, which comes from the Northern Hemisphere in East Asia, is a famous herb for nourishing hair. Angelica extract is the other ingredient that works against hair loss as does Polygonum Multiflorum which is another one of its ingredients. Herbal-H also contains a lot of minerals like Zinc, Iron, Copper and Manganese. In association with other things, it further contains Vitamin B12. Some of the other components which help in blood circulation are Pyridoxine HCL, Triethanolamine and Butylene glycol. Finally, Saw Palmetto and Minoxidil work together to stem hair loss and trigger hair growth.

## Why **Herbal-H** is the Safest Product

Herbal-H is by far the safest and most effective product up until now to treat alopecia in men. It is safe because it contains potent and raw herbal ingredients with only a hint of Minoxidil, which is a refined medicine known for effectively treating Androgenic Alopecia (Male Pattern Baldness). When brought in conjunction with all the other pure herbal ingredients, the result is a mild solution that works wonders for patients who have been suffering from severe hair loss over a long period of time. Herbal-H's safety has been proven by many human tryout examinations. Men of all ages can benefit from Herbal-H's formula and based on stiff experimentation on safety, it is proven to have no side effects during or after use. Many products on the market can provide good results but none can be as effective while still being safe to use. The safest solution for hair loss is Herbal-H; a unique formula which is applied externally and unlike products taken orally will not affect other body parts.

*3 Month Treatment*
